December 12, 2020

To Whom It May Concern,

I am writing this letter to confirm that Mr. Yusi Fang is a PhD student in my department under my supervision since 2017 until now. He is the sole first author of the paper "Combining p-values under arbitrary dependency structure using transformation of heavy-tailed distributions".

Sincerely,

A handwritten signature in black ink, appearing to read "G. C. Tseng".

George C. Tseng
